NATIONAL UNIVERSITY OF SINGAPORE | SINGAPORE

JANUARY 2020 - MAY 2020

NUS School of Computing - ranked 10th globally (1 of 4 students selected)

WORK EXPERIENCE

CAPITAL ONE - SOFTWARE ENGINEERING INTERN | MCLEAN, VA

JUNE 2020 - AUGUST 2020

- Developed a feature toggle API proxy through a software development life cycle (SDLC), enabling code experimentation, agile integration, and continuous deployment for 7+ microservices across all 10 Finance Platform teams (**Tech Stack: Spring, Angular, NodeJS, Java, TypeScript, Git, Jira Scrum**)
- Designed, launched, and personally led weekly #Women-in-Tech workshops to empower a 60+ intern network

METLIFE - DATA ANALYST INTERN | CARY, NC

JUNE 2019 - DECEMBER 2019

- Automated a user-friendly query tool for call center employees by writing and carrying a full stack web app through the SDLC (**Tech Stack: Spring Boot, HTML/CSS, JavaScript, Java, jQuery, SQL, DB2**)
- Transformed a 3-day status retrieval process to a 2-minute task by generating data migration statuses dynamically
- Co-authored and pitched EnvironDental, a global insurance initiative promoting sustainable dentistry practices, and started beta program with executives (CTO's National Innovation Challenge Award)

PROJECTS

NYC GUN VIOLENCE DATASET | CHAPEL HILL, NC

DECEMBER 2019

- Analyzed 21,092 gun incidents to present frequency correlations, fatality predictors, and interactive **R Shiny** visualizations with **R** data wrangling, web scraping, **kernel density estimation**, and **regularization regressions**

HACKMIT | CAMBRIDGE, MA

SEPTEMBER 2019

- Built "ARound," an **android** AR app enabling users to navigate customized 3D venues with **Amadeus APIs**, **Google AR Core**, **Unity 3D**, **GitHub**, and **Java** as 1 of 600 hackers selected from 5000+ non-MIT applicants

PEARL HACKS | CHAPEL HILL, NC

FEBRUARY 2019

- Developed "Find Your Flex," an iOS app to connect workout buddies, combat gym intimidation, and promote local fitness events using **Swift**, **Xcode**, **GitHub**, and **Google** and **Bandwidth APIs** (Best Bandwidth Hack)

ADDITIONAL EXPERIENCE

UNC ITS - SENIOR RESNET COMPUTING CONSULTANT | CHAPEL HILL, NC

AUGUST 2019 - PRESENT

- Collaborate directly with management and mentor 9 RCCs to deliver quality control for 50+ weekly tickets
- Resourcefully solve 10+ IT incidents per week within 24 hours of ticket submissions and direct 7 biweekly educational tech fairs as 1 of 35 on-site support staff members for 8,000+ on-campus residents

AKPSI BUSINESS FRATERNITY - SERVICE CHAIR | CHAPEL HILL, NC

AUGUST 2017 - MAY 2019

- Spearheaded involvement in UNC's Shack-a-Thon by personally recruiting 6 corporate sponsors, coordinating 5 fundraisers, and collectively raising \$2,759 in 5 days for Habitat for Humanity (1st Place, \$14,168.60 grand total)
- Motivated 108 brothers and increased service event participation by 52.3% to 90.8% total attendance
